Cade Howard

Managing Director as well as proud founder and owner of CMH Electrical Industries.

WHO WE ARE

CMH Electrical Industries is a growing family-owned business, specialising in installation, commissioning, maintenance, repairs and project management for the electrical, solar and air conditioning sectors with additional capabilities in electrical instrumentation, hazardous areas, engineering /PLC and consultancy. We service commercial, industrial, and residential clients throughout Queensland and New South Wales, with our head office and workshop located in Ipswich QLD.

We have an exceptional record for delivering full spectrum services with the ability to adapt to specific project requirements, and an expert senior management team is actively involved in every project.

CMH Electrical Industries are cm3 certified.

VISION

To be the specialised electrical contractor of choice to the public and private sectors for the delivery of medium to large industrial, commercial and infrastructure projects and maintenance contracts in QLD & NSW.

MISSION

- We empower our employees to work closely with our clients to deliver quality construction projects on time and within budget.
- We provide highly skilled supervisors and electricians with drive and motivation to complete projects safely and on time.
- We maintain a high stature for good customer service by utilising managements diverse skill set, information, recommendations, experience and support.

VALUES

- **HONESTY** – We encourage open, honest and accountable relationships in our workplace, with our clients & the communities we operate in.
- **INTEGRITY** – Accountability, trust, high standards of personal conduct and strength of character are always demonstrated in our relationship with co-workers, customers & stakeholders.
- **OPPORTUNITY** – Promoting equal opportunity throughout our workforce by encouraging a positive and respectful work atmosphere which allows our employees to reach their full potential.
- **TENACITY** – Relentless and proactive approach to solving problems through our expertise, innovation and sound business acumen.

OUR CAPABILITIES

We are a growing business with the expertise, experience and financial strength of a top tier contractor giving us the capacity to complete projects of various sizes. We supply all required plant, test equipment and materials to complete contracted tasks. We are able to provide reliable brands and quality components sourced from original equipment manufacturers in accordance with customer design specifications and Australian Standards. All work is completed by our experienced workforce who have the technical capability, training, and competencies appropriate to task. With their knowledge of current standards, regulations and codes of practice, clients can be assured of receiving trusted advice and quality work. Combined with our competitive rates, we offer a value for money service on all projects.

Teys Australia (2023)
Client: Teys Australia
Scope: Kill Floor Extraction Fans Installation.

Holcim (2023)
Client: Holcim
Scope: Site Wide Air Conditioning Maintenance Contract.

Imbibis Distillery (2023)
Client: Imbibis Distillery
Scope: Custom Still Control Panel.

Gordan Brothers (2022-2023)
Client: Teys Australia
Scope: Site Wide Evaporator Fan VSD Upgrade.

Veg Pro4 (2021-2023)
Client: Veg Pro4
Scope: Site Wide Remediation Works, 8Lane Onion Peeling Machine Installation, New Coldstore Construction & Refrigeration

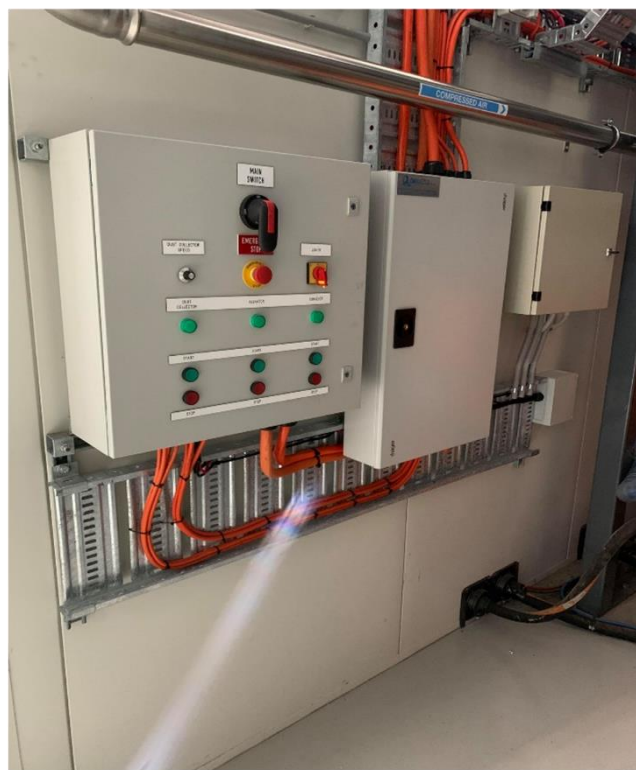

Lindsay Fresh (2022)
Client: Lindsay Fresh
Scope: Flood Recovery – Complete Electrical Package.

Asahi Beverages (2021)
Client: Asahi Beverages
Scope: Crossbow Project Light & Power.

CleanCo Queensland (2021)
Client: Clean Co Queensland
Scope: 500mm² (x7) Per Phase Excitation Cable Replacement.

Rheinmetall (2020)
Client: BlastOne
Scope: Complete Spray Booth Hazardous Area Electrical Package.

TAE (2019)
Client: Brosco Enterprise Pty Ltd
Scope: Engine Hoist Complete Electrical D&C Package.

PROJECTS

COMMERCIAL PROJECTS

Hungry Jacks Beakhouse (2023)

Client: StreetBuild

Scope: Complete Multi-Level Electrical and Switchboard Upgrade.

Loganlea Trade Centre (2022-2023)

Client: Oz Seals

Scope: Complete Electrical & Communication Reticulation Package.
